

ROSES

6

Prefer open sunny position. Are hungry feeders. Prepare beds well in advance with incorporation of rotted manure or compost. In subsequent years fertilizer may be used as a top dressing.

Roses can be stunted if planted in old rose beds without renewing the soil. Be prepared to spray for aphids, blackspot, rust and mildew. Collect and burn fallen rose leaves to aid disease prevention.

On planting, shorten all stems to 4 buds. In following years, maintain a framework of 4 to 6 main stems, reducing season's growth to 3 buds for H.T. and 5 for Floribunda. Deadheading promotes new flowers.

HYBRID TEA ROSES £5.50 each £50.00 per 10 open ground
£6.50 each containerised

		<u>Height</u>
Fragrant Cloud	coral scarlet, very fragrant	med
Freedom	yellow, bushy, fragrant	med

Souv. Claud Denoyal	black/red, very fragrant	
Zephyrin Drouhin	rose pink, very fragrant, thornless var.	repeat

MINIATURE GROUND COVER & PATIO

£5.00 each £45.00 per 10 open ground £6.00 each containerised
Treat as Floribunda roses. Ideal for low bedding or in mixed borders of low planting. Ideal as an alternative to grass for banks. Arching habit covers difficult areas such as tree stumps. These vigorous roses are not suitable to mix with other ground covering plants. They are best left to areas they may take for themselves. Do plant in clean ground as uncomfortable to weed amongst later. Low maintenance, shear over in Winter or Spring.

Diamond	white clusters	60ht 60 spread	24"
Little Buckeroo	orange red		40 18"
Magic Carpet	violet pink ground cover	spread	100 3'

The Fairy	pink clusters		60 2'
Wilton	white		40 18"

SHRUB ROSES £6.50 each open ground £7.50 each containerised

Shrub roses may attain height and width of 120cm-180cm (4-6 feet) depending on variety. Many have interesting foliage and/or decorative hips. Only deadhead repeat flowering varieties. Remove 1/3 of old wood each year at base to keep open and retain character. Early flowering varieties April/May. Majority of varieties flower June. Repeat varieties continue all summer. Often mistakenly confined to their own border. They have much character to contribute in a mixed border.

Banksian	Yellow or White	for sheltered wall	240	8'
